Agenda item # 20 on May 17, 2016

I am not available to attend the meeting on this item tomorrow, so I am sending this email. As a long time county resident, I urge you to work with the parks staff on keeping Dairy Creek Golf Course operational. Since its opening in 1997, Dairy Creek Golf Course has provided an excellent recreational resource to County golfers of all ages as well as being a draw for out-of-county visitors. I realize that finding supplemental water is a challenge facing many in our county these days but urge the Board to supplement the water allocation until longer range

Item No. 20

plans can be put into place. Please do not let the almost 20 years of hard work and improvements at this course go to waste. I appreciate your thoughtful consideration of this matter. Julie Rodewald
